Hey Eric,

How did you obtain the name of the shooting officer - did I give it to you? I thought I just learned it myself, so I wondered if you got it from monitoring the LAPD sources rather than from the litigation.

Thanks for getting back to me. I understand its crazy what is going on right now. I think I am just getting nervous because of the deadline that the court set for hearing a motion to amend. Lets touch bases next week when hopefully things have calmed down. Stay safe.

Eric, I'm not ignoring you, but at this point, all the LAPD Detectives in the Legal Affairs Division are deployed with the ongoing wildfire emergency and I am unable to obtain some information I need to determine whether or not I can stipulate.
